EXPERIENCE

Writer

SLUMBER GROUP | MAY 2022 - PRESENT

I write bedtime stories, short stories, and meditation guides for the Slumber app and the Get Sleepy podcast. These stories follow a strict style guide and go through multiple drafts in collaboration with the Editor.

Reader

LONDON LITERARY SCOUTING | JANUARY 2021 - PRESENT

I read manuscripts from emerging and established writers and create reports on character, plot, literary style, originality, and marketability. In addition, I provide feedback on adaptability to screen formats and further development, as well as general editing and proofing.

Literature Expert

STUDY.COM | MARCH 2020 - MAY 2021

I created and edited literature, English, and grammar study materials for students of all levels. I answered student and industry-generated questions in these subjects. I tutored students and corrected study materials submitted by students of all levels.
